

MASSACHUSETTS BREAST CANCER COALITION

Seven Prevention *IS* the cure.

Dear _____,

Thank you for financially supporting my participation at the Massachusetts Breast Cancer Coalition's Against the Tide event. As a result of your generous contribution I was able to raise \$_____ for the Massachusetts Breast Cancer Coalition's (MBCC) significant efforts in education, outreach, and political advocacy toward breast cancer eradication.

Since its inception in 1991 MBCC has set itself apart from other mainstream breast cancer groups by focusing on the need to prevent this disease before it starts and needlessly devastates another life. To find out more, visit MBCC's website at www.mbcc.org.

Again, thank you for your generous support! Together, we can PREVENT breast cancer!

Best,
